Carlton Hotel St. Moritz

Exclusivity and privacy are bywords at the Carlton Hotel St. Moritz. The luxurious five-star hotel bewitches the senses with an extravagant world of colour, the very best in culinary art and a generosity, which knows no bounds. The 60 suites and junior suites, created by Swiss interior designer Carlo Rampazzi using noble materials, offer the ultimate in comfort with an emphasis on light and space. Furthermore, all suites are south facing with a breath-taking view over the Lake of St. Moritz and the surrounding mountains. In both restaurants, the Romanoff and Da Vittorio - St. Moritz, guests can enjoy excellent cuisine of the highest standard. For a light lunch or afternoon tea, the spacious sun terrace – the most attractive in the entire area – is absolutely perfect. In addition, the 1,200 square metres of the Carlton Spa offer numerous possibilities to retreat relax and recharge your batteries. The entire team provides perfect service and will make every effort to satisfy even your most extravagant wishes.

Location and climate: The Carlton Hotel is situated in St. Moritz, one of the most famous ski resorts in the world at an altitude of 1856 metres above sea level. This favourite international destination is renowned for its elegant and exclusive atmosphere and offers its guests the perfect environment for their winter holidays.

The dry cold climate is typical for St. Moritz in winter and an average of 322 days of sunshine a year guarantees a quality of powder snow in the Engadin landscape, which can only be found elsewhere in the Rocky Mountains.
